PD

Claims 4-8, 12-16 and 18 had been cancelled. The active claims are 1-3, 9-11 and 17.

Claims 2, 10 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 2 and 10 select processing method different from the one selected in their parent claim 1 and 9. It is not clear which processing method is used for processing the received email.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

Claims 1-2, 9-10 and 17 are rejected under 35 U.S.C. 102(a) as being anticipated by (Gabber (USP 6,591,291).

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 3 and 11 are rejected under 35 U.S.C. 103(a) as being unpatentable over Gabber (USP 6,591,291).

Details of the rejection have already been set forth in the last Office action. The details are incorporated herein by reference thereto.

In the communication filed on 11/29/2004, Applicants contended that Gabber does not have more than one processing methods to select from. The Examiner

Art Unit: 2155

disagrees. See item 440 in Figure 4 of Gabber. Gabber has more than one process method to selected from as recited in the claims and as shown in Applicant's Figure 1A, one for processing if there is no match and the other one for if there is a match.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.

Any inquiry concerning this communication should be directed to **DAVID Y. ENG** at telephone number 571-272-3984.
